

CARE Electronics and CARE INNOVATION

PRIVACY STATEMENT AND PARTICIPANT INFORMATION SHEET

You are invited to participate in the CARE Electronics network and contribute to the CARE INNOVATION conference series. This document will provide you with information how the personal data will be used and further stored. For information, this document is only available in English, as are the rest of communications in the CARE Electronics network and CARE INNOVATION conference series. We encourage you to learn more about the network and its conferences by visiting the websites <https://www.care-electronics.net/> and <https://www.careinnovation.eu/>.

Data protection

Please note that any contact data requested in the framework of the network and conference will be included in a database for the exclusive use of the organisers for network and conference related tasks. It will be solely used for the purpose of contacting individuals in order to:

- gather relevant information for the network and conference such as that on requirements for setting up conferences, meetings, webinars, workshops, ...
- ask you to participate in conferences, meetings, webinars, workshops, ...
- disseminate project results and achievements, and
- to circulate invitations to participate in conferences, meetings, webinars, workshops,

Only personal data that is relevant for the network and conference will be collected. No sensitive information will be collected.

In line with the EU General Data Protection Regulation, you have the right to access information about the use of your personal data, as well as the right to rectify/amend, cancel or oppose the use of your personal data at any time during the period of storage of your data. To do so please contact: info@care-electronics.net. The contact data collected will not be disclosed to companies or media without prior authorisation.

The information is collected and stored in Google Forms and Google Sheets as well as on secure servers in a password protected file. The data security procedures of Google are available [here](#).

Informed Consent Form

In the event that you specifically agree to be involved in the CARE Electronics and CARE INNOVATION network, you will be kindly asked to tick the corresponding approval box in the online form. By giving your consent you confirm that you:

- have read the Participant Information Sheet and the nature.
- have had the opportunity to ask questions.
- understand the purpose of the network and conferences and your involvement in it.
- understand that you may withdraw from the network and conferences by means of a written notification to the contact indicated in the Participant Information Sheet at any stage and that this will not affect your status now or in the future.
- understand that data will be stored electronically on the network server with restricted access to the organisers, to be deleted on request.
- agree that your contact data are included in a contact list to be further used for network and conference activities (e.g. newsletter, announcements), and for invitations to participate in related activities (e.g. workshops, interactive online platform).
- accept that all the communications that you will be receiving within the CARE Electronics and CARE INNOVATION framework will be written in English

Should you have any questions regarding the purpose and design of this network and conference and/or your contribution, or if you decide to withdraw from the research at a later stage, please contact info@care-electronics.net.
